# Messages to the graduates

**T** Today, your efforts and sacrifices over many years are being rewarded.

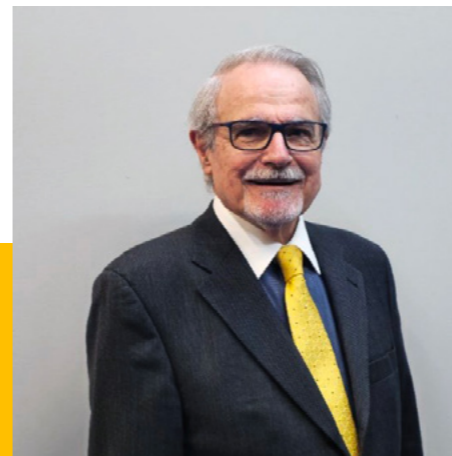

From this day, many of you will be graduates of some of the UK's leading universities, while others, holders of diplomas from world-renowned awarding bodies.

You will finally open your sails on the great journey of life, an exciting journey, which is full of challenges, difficulties, rewards, and achievements. In this journey you have the academic attributes and personal values to seek your highest limits in the professional arena and approach your own "Ithaca".

On the valuable foundations that you cultivated with us at Mediterranean College –integrity, diligence, accountability, discipline– I am sure that you will ground your professional standing and your subsequent contribution to your nation and society.

I wish you all the best.

**Professor Sophocles Xinis**  
President, Mediterranean College

**O** Our college, steadfast in its educational mission as defined by its founder,

teacher and pedagogue, 45 years ago, offered you high-quality education and development, in a modern environment, what we today call "correct learning" of the kind required to perpetuate the 'inestimable blessings' of 'civil and religious liberty'. He offered to Greek youth education and created a hug,

**O** On the opportunity of your graduation, on behalf of the faculty,

the staff and the administration of Mediterranean College, let me extend my warmest congratulations to you, your families and academic tutors, who have helped us arrive at this moment.

a protected environment. Today, you all emerge from this well-guarded cocoon of care and enter the battlefield, half won, since the cocoon was opened, and you emerged victorious. And you are invited to compete and enjoy many victories and defeats. But from here you will come out victorious. You are equipped for this fight. Our college, your professors, its partners, and its Administration, all of them, with wisdom and incomparable art became admirable creators and teachers of what is considered beautiful, noble, and good and as a higher ideal: Education.

Today, dear graduates, is the day that everyone around you has been waiting for, longing for, imagining. And after that, I proclaim to all of you that: the best things are coming to your Life! I remind you, however, of the wise words of the great Cretan Nikos Kazantzakis: "Go where you can't, my child. Don't be ashamed if you played well and lost... But be ashamed if you played badly and won."

Good luck in your life.

**Professor Spyros Vliamos**  
Chairman, Academic & Scientific Committee, Mediterranean College

We are grateful that a few years ago, by choosing Mediterranean College, you chose to invest in Education, an asset that cannot be taken away from you. You chose the British standard of Higher Education, which has given you knowledge and skills that are applicable in every aspect of life. You chose to be part of a values system that fosters Excellence, Meritocracy, and Hard Work. Your educational foundation is strong, and you will always be a part of the Mediterranean College family.

All of us will continue to support your efforts in every way. We urge you to keep in touch with us, become active members of our alumni community and update us with your achievements. We will always be proud of you.

Congratulations and fare well.

**Mrs Katerina Xini**  
General Manager & Principal, Mediterranean College

On behalf of everyone at the University of Wolverhampton, I am delighted to welcome you to today's graduation ceremony to celebrate the graduation of our students from Mediterranean College. I want to start by recognising your determination and hard work. Your perseverance and tenacity deserve the highest praise, and I want to congratulate you all for your achievements in the face of the many personal and academic challenges you will have encountered over these past two years. We hope you take all that you have learnt while studying with us and use it to help forge a successful future for both yourselves and those around you.

Throughout the University's 200-year history we have adapted and evolved to meet the demands of a changing world, and part of this has been to extend our global reach and align ourselves with other respected and forerunning institutions across the world, such as Mediterranean College. We are a university for and of the international community and you, as our students, have done us proud.

Our relationship with our graduates is an enduring one, and we enjoy hearing about your successes. We are focused on raising aspirations, and it is now up to you to take the opportunities that will help to shape your future. Our graduates are the innovators and leaders of tomorrow, and we hope you will maintain the close links you have built with us, both as friends and as inspirational role models.

Congratulations and I wish you every success and happiness for the future.

**Professor Ebrahim Adia**  
Vice-Chancellor, University of Wolverhampton

Graduation is one of the most important days for the university and is a celebration of your success. Today is an important day to reflect upon all that you have achieved during your time with us. So, on behalf of all my colleagues in Derby and here at Mediterranean College I extend to you our warmest congratulations.

The University of Derby is extremely proud and pleased to work with Mediterranean College in Greece. Our partnership is one of our most long-standing relationships and one which we value very much. We thank them for their commitment in working with us to provide high quality education and outstanding opportunities for all students to develop and progress your careers.

Today is a day of celebration, but I would also like us to reflect upon the value of your outstanding achievements. Our longstanding reputation for teaching excellence received national recognition in 2023, with the University being awarded Gold –the highest possible status– in the latest Teaching Excellence Framework by the government's Department for Education. In addition, we are ranked in the Top 20 institutions for teaching quality in The Times and Sunday Times University Guide, and Top 20 for student satisfaction in the Complete University Guide 2024.

However, our achievements as a university are also a demonstration of your commitment to making the most of your time with us. This means you can have confidence knowing that your learning and outlook has given you the education, skills and opportunity to make a positive impact on the world. You now have the opportunity to be instrumental in influencing the future of our society. I hope that, as you graduate today, you will take forward those skills and experiences and use them to positively impact your career aspirations, your community, and the wider world. The future is you.

As you go forward from today, know that whatever path you take will not always be easy, and things will not always go according to plan. But be adventurous, be curious and use your creativity and can-do attitude for good. Seize opportunities when they arrive, and don't be afraid to make and learn from your mistakes. Help society tackle the big challenges, and be generous and kind to others. My colleagues and I cannot wait to see what you achieve.

## Employability Weeks 2022

Whether you were looking for a job or wanted to stay informed about market trends, you've likely come across the term “Soft Skills”. The focus of this year's Employability Weeks at Mediterranean College was on enhancing these essential Skills, such as Communication, Teamwork, Adaptability, Critical Thinking, Organisation & Time Management, and Leadership. The Employability Weeks' schedule (November 28 - December 9, 2022) was tailored to each academic school and included thematic events, workshops, professional orientation activities, and much more. The Employability Weeks are part of Mediterranean College's Employability Scheme®, an innovative student professional development & networking plan, unique in private higher education.

## Charity Week 2022

The Student Affairs Office and the Students' Union of Mediterranean College organised the Christmas Charity Week in Athens and Thessaloniki, as part of its corporate social responsibility initiatives. By giving a different perspective and inviting everyone to participate in a series of interactive festive events and activities, Mediterranean College managed to make a December to remember!

“

It is a very nice initiative of the college to connect the market with the students and we are very happy to participate in this action.

## EMPLOYABILITY THE JOB FAIR

The 9<sup>th</sup> Employability Fair was successfully organised by Mediterranean College's Career Office, in Athens & Thessaloniki campuses, on March 31, 2023. Visitors, students and alumni had the opportunity to interact with representatives from 60+ TOP Greek & multinational companies and organisations for job interviews, improving their networking & employability skills. Visitors could also visit CV Centres, to develop their CV and interview skills, and attend skills development seminars and workshops.

## Student Exchange 2022-23

In spring 2023, we held this year's Students' Exchange Scheme in collaboration with our partner universities of Derby and Wolverhampton. This is an established initiative which provides our undergraduate students with a unique intercultural experience. British university students visited Athens, attending courses at Mediterranean College while exploring the city and forming lasting relationships with local students. In return, Mediterranean College's students traveled to England, immersing themselves in courses at the partner universities and residing in student halls for a few weeks.

Participating in the exchange programme with University of Wolverhampton was an amazing experience. I would definitely do it again!

The future is yours, class of 2023!

**Georgios Aggelidis, MBA Global, Athens Campus**

This MBA programme was undoubtedly a unique and unforgettable experience. I gained in-depth knowledge for my professional career, learned to work under pressure, overcame challenges and networked with different people. This period will surely stand as a remarkable memory of my life.

**Theodora Tsinoni, MBA Global, Athens Campus**

Don't only dream your aspirations, have the courage to pursue them. If I can make it happen at the age of 46 with a supportive husband, 3 children and a demanding full-time job, anyone can. Invest in yourself as your future achievements will only be as good as the work you put into obtaining them.

**Apostolos Papadopoulos, MBA Global, Thessaloniki Campus**

The awarding of the master's degree is a bright beacon in my personal academic horizon. I developed not only professionally, but also strengthened my ability to critically face every challenge. This experience will accompany me on my professional journey, while the pleasure of studying was simply unforgettable. Grateful for this journey that has educated me and inspired me.

**Dimitrios Vasileios Pantazatos, MSc Big Data Analytics, Athens Campus**

**Stefanos Fotiou, MSc Cyber Security, Thessaloniki Campus**

I dedicate this to my son Fotis for the courage he gave me until I reached my goal.

**Filippa Vassiliki Anastasopoulou, MSc Applied Psychology: Clinical Psychology & Counselling, Athens Campus**

From theories to real-life applications, the School of Psychology has been our canvas of growth. Wishing my fellow psychologists a future filled with meaningful connections and impactful change.

**Kleanthis Evangelos Bairaktaris, MSc Integrative Counselling & Psychotherapy, Athens Campus**

The knowledge I gained from my studies in Psychology and my involvement with the subject acted as a seed for Psychotherapy inside me. My training in the programme of Integrative Psychotherapy and Counselling was the foundation of my dreams.

My pursuit of this degree not only enabled me to address long-standing questions that arose during my initial journey in Psychology at bachelor's level, but also the immersive internship experience fortified this knowledge with invaluable hands-on exposure. This additional layer of practical understanding has significantly enhanced my perception and is something I deeply value.

# Undergraduate students' testimonials

The future is yours, class of 2023!

**Eleni Kremlidou, BA (Hons) Business Management (Marketing), Athens Campus**  
We can all make our dreams come true if we have the courage to pursue them. Thank you, Mediterranean College, for all the memories and the knowledge which can never be taken away from me.

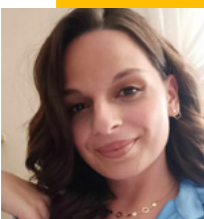

**Eleftherios Marios Makrellis, BA (Hons) Business Management (Marketing), Athens Campus**  
My studies at Mediterranean College will forever remain in my memory as an unforgettable academic and professional experience from the very first year of my studies. It was an honor for me to be the President of the Student Union for two years as I was given the opportunity to actively participate in all projects of the college. Finally, I could not fail to mention the skills I developed through all the courses and academic work I carried out at the College as they have helped me until today in all my professional activities.

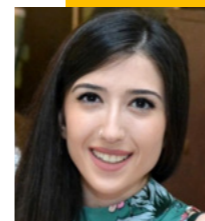

**Eliza Zecchini, BSc (Hons) Computer Networks & Security, Athens Campus**  
Gratitude fills my heart as I reflect on this journey. Endless thanks to my guiding professors, Mr. Dagiakidis and Mr. Goudosis, whose wisdom shaped my dissertation. To my loving partner, Rafailia, your unwavering support fueled my determination. And to my mother Patrizia, your strength is my inspiration. This achievement is as much yours as it is mine. With heartfelt appreciation, Elisa.

**Vassiki Diamanti, BA (Hons) Early Childhood Studies, Athens Campus**  
My personal, academic and professional 'journey' within the welcoming space of the Department of Early Childhood Education at Mediterranean College has literally been an invaluable experience! I warmly thank all the professors and I feel very grateful, as they helped me in my initial pursuit: my constant effort to be able to become a 'role model' of a preschool teacher one day! Despite the difficulties and obstacles, I faced, these "obstacles" were overcome whilst gaining the awareness that dedication and continuous effort to achieve set goals ultimately bear fruit!

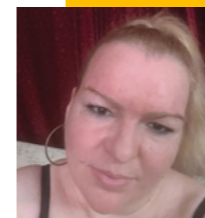

**Nikoleta Vamvakari, BA (Hons) Early Childhood Studies, Athens Campus**  
My studies gave me the opportunity to gain necessary professional skills that will help me delve into what I have always dreamed of, since I was a child!

And here I am today to see how my dream comes true! Even though the trip proved to be difficult, it was worth it because I met new friends, colleagues, and valuable professors. I want to say a big thank you to my professor Markaki Evangelia, for all the wisdom imparted and the perseverance not to give up.

MSc Applied Psychology: Clinical Psychology & Counselling

My name is Christos Mouratidis, and it is with great pleasure that I am here today at this evening's graduation ceremony. I would like to thank Mediterranean College for the invitation to deliver the Graduate's Speech at this year's ceremony. It is a great honour and privilege for me to be here in front of you, to share thoughts, feelings, and common experiences as we summarize this significant phase of our lives. At this point, I would like to warmly congratulate my classmates and new colleagues, on the success they have achieved here today. Well done to us for our effort, and I wish you all an upward and creative journey from here on.

Today we are not here just to celebrate the end of an educational journey, but also to recognize the beginning of a new chapter. Every end is a new beginning, and today, we the graduates, are opening the door to a new path full of new challenges and opportunities. Shortly, we will hold in our hands a degree that embodies not only academic knowledge but also invaluable learning experiences. This degree is the starting point for a professional path filled with creativity and self-awareness, a continuous journey of personal and scientific development.

## Valedictory addresses Class 2023

Our students, graduates and Faculty are acknowledged each year for their exceptional achievements, including academic excellence, teaching, leadership and professional accomplishments.

I feel immensely honored to have been given the opportunity to speak at today's graduation ceremony. I would like to personally thank my family and friends whose support has been invaluable throughout my studies. Furthermore, I would like to thank the professors of the programme and all the people who worked, collaborated and are still working together so that knowledge is offered to young people.

I would like to extend my congratulations of course to all graduates. I know that you (as myself) have worked very hard during your studies to be here today. The programme included many lessons, assignments, and exams that left no room for relaxation. Fortunately, for all of us, our fight was successfully completed and today our sacrifices are being rewarded. So, congratulations to everyone!

The knowledge and skills you have gained from your studies are "arrows in your quiver" that can help you achieve your professional goals and make your dreams come true!

BSc (Hons) Sport Science & Coaching

My name is Kountzoglou Alexandra and I am a graduate of the Executive Diploma in Digital & Social Media Marketing course.

I feel honored to be able to speak on behalf of all the graduate class of 2023. Apart from that, I am connected with Mediterranean College from a long period of time, since I have also graduated from the bachelor programme in Business Studies offered in cooperation with the University of Derby. Through all these years I gained a lot, nice memories, friendships, I learned to try to appreciate the achievements, but also to learn from mistakes and never give up, I would like to thank one by one all the teachers, who with their knowledge and patience, closely experienced both my own anxieties and those of my classmates, as well as all administrative staff of the Mediterranean College for their support during our studies.

As of today, we all officially belong to the large family of Alumni of Mediterranean College, closing a beautiful circle of memories. I wish each of us to pursue our dreams with perseverance and faith in ourselves.
